WORK RESUMED IN JEROME MINES AS STRIKE IS ENDED

(Special to The Review)
JEROME, Feb. 22.—Operations were resumed today at two of the leading prospects of the district, the Gadsden and the Verde combination.

No trouble was experienced by Jack Hooper, superintendent of the Gadsden, or Dave Morgan, manager of the Verde, in recruiting a full force. In fact they were almost swamped with applications. Morgan re-employed a majority of the force that he had on prior to the strike.

Both the Combination and Gadsden lost almost exactly a week's time. The pumpmen stayed on, however, and all was shipshape for resumption.

The plans of the Jerome Verde have not been definitely decided on, but it is understood that there will be no immediate resumption there, at least not on the scale of operations that prevailed prior to the strike. The pumps are to be operated until the first of April, at least, in order that there shall be no expensive unwelcome job if the directors do decide on a resumption.

For some time the Jerome Verde has been shipping ore from the Main body to the Humboldt smelter, but the price of copper has dropped so low that this hardly pays any more. Therefore, the directors notified Superintendent J. B. Harper to suspend. Harper is now in the southern part of the state and may have something definite to give out when he returns.

It was announced yesterday that the Green Monster has suspended indefinitely. The Grand Island resumed last week when all the other prospects were still idle.

Liniments Will Never Cure.
If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store, and get on the right treatment to-day. If you want special medical advice, you can obtain it free by addressing Medical Director, 23 Swift Laboratory, Atlanta, Ga.

COTTON FACTORY IS STARTED IN HAWAII

HONOLULU, T. H., Feb. 1.—(By Mail.)—Six local Japanese have incorporated the Japanese Cotton Factory of Hawaii with a capital of \$50,000 and have begun operations on a small scale, hoping to encourage the production of cotton in the islands. Cultivation of cotton was started seven years ago on the island of Hawaii but owing to the fact that manufacturing facilities were lacking the industry languished.

GREEN MONSTER WILL END ALL OPERATIONS

(Special to The Review)
JEROME, Feb. 22.—Advices from Phoenix are that the Green Monster Mining company is not to resume operations at its property until labor becomes cheaper and conditions are thoroughly stabilized.

President W. S. Humbert, W. W. Lawton and T. A. Rionian of the board of directors, held a conference at the capital and decided to discontinue development for an indefinite period. It is safe to say that there will be no resumption under six months at the very earliest. Even if the big companies of the Verde district resume in less time, the Green Monster will not start up until the labor situation is satisfactory to the directors.

The Green Monster was closed down by the strike last Tuesday, simultaneously with the other prospects. It is understood that all the other prospecting companies are planning to resume in a short time. The labor question is not bothering them at all, as there are ten good men for every job.

GRAND ISLAND NEARS MAIN LEDGE, REPORT

(Special to The Review)
JEROME, Feb. 22.—Indications are plentiful that the north crosscut from the 500-foot station in the Grand Island shaft is near the main ledge, according to Superintendent Charles Anderson, who was in from the property last night.

The crosscut has advanced some 115 feet into the schist. It has disclosed a number of seams and fissures of iron oxide and some water is coming in. These are signs that the ledge is not far away.

One engineer estimated that the ledge would be found not more than 100 feet from the station, but others think that the crosscut will have to be extended 200 feet before the ore is encountered. At any rate the ledge will soon be intersected as splendid time is being made by the contractors in driving the crosscut ahead.

Less last week, entertaining eight guests. The appointments for the four courses carried out the celebration of Washington's birthday. The guests were Mesdames Quirk, Main, Hicks, Frank Anderson, Frank Butler, R. O. Owens and Miss Wilmer.

ALASKAN BOWLERS IN INTER-NATION GAME

JUNEAU, Alaska, Jan. 25.—(By Mail.)—Alaska and Yukon territory bowlers are engaging in an international bowling tournament. Teams are entered from the Alaska towns of Juneau, Treadwell, Shagway and the Yukon towns of Dawson and White Horse.

Dawson at present is in first place by a margin of 36 pins. In the two games rolled Dawson has knocked down over 5,027 pins, Juneau is second with a total of 4,991 pins. Shagway is third with 4,934.

Some of the teams meet on the alleys while scores of some of the others are telegraphed following the tourney games.

GRIP, INFLUENZA

Hamlin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and snuff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at drug stores. Guaranteed.
